Chief Environmental Eng.

Re: Application #F 2 06 007

I.D. #095 020ABR

Received: June 26, 1972

Construction of: one Combustion
Engineering 20-A-12 Type A process
and heating steam boiler.

Location: Gates-Galesburg Hose Plant
R. R. 3, Knoxville Road
Galesburg, Illinois

Gentlemen:

County: Knox

Permit is hereby granted to construct the above-referenced equipment.
This permit is granted subject to the following conditions:

1. Standard conditions set forth on Page 2 of this document, attached hereto and incorporated herein by reference.
2. The following special condition:
 - a. Within 30 days from the next regularly scheduled meeting of your board of directors, or equivalent governing body, but in no case later than 90 days from date of this permit, you shall submit to the Agency a certified copy of a resolution of your board of directors or equivalent governing body authorizing the signatory to your permit application to sign this and, if desired, future permit applications. In the case of a corporation, authorization to sign operating permits which include compliance programs and project completion schedules can be given only to an officer of such corporation.

Very truly yours,

Keith J. Conklin, P.E.
Manager, Permit Section
Division of Air Pollution Control
